HEAVY DUTY STAPLERS

Novus Staplers are the preferred choice among professionals throughout the world and the Novus Heavy Duty Staplers are no exception. These rugged tools are capable of continually stapling large quantities of paper with minimal effort. Designed and developed in Germany, they are built to last under the most demanding conditions.

Novus Professional Heavy Duty Staplers features an innovative Anti-Blocking System (ABS) which prevents the

possibility of a staple jam and having your documents stuck to the stapler. A dual staple guide system further ensures trouble free performance by providing even pressure on the staple legs until they clinch your documents. An automatic bypass system is standard on most models and provides the convenience of using larger staples on smaller projects. A sliding adjustable depth guide allows you to set the staple location and ensure you clinch at your desired depth each and every time.
