

CREASING

CAM Actuated Creasing
2-Sided Creasing Rod
Auto Setup

PERF/SCORING

Up to 4 Rotary Perfs
Up to 2 Strike Perfs
Optional Micro-Perf

NUMBERING

Pneumatic Gothic wheel
7 Digits, 4 Drop Zeros,
4 Repeats
Placement within 1mm
Patented Cartridges

FC114ASP

Creasing, Perf/Scoring, & Numbering

All-in-one, easy-to-use machine to meet all your numbering, creasing and perforating needs.

With the FC114ASP, you can handle high quality numbering, creasing and perforating all-in-one. Includes a strike perforating head, capable of partial page and intermittent perforating. Strike perforating makes it easy to create custom 2 and 3-part partitions.

The FC114ASP utilizes a high-speed, bottom-feed, vacuum system. It delivers accurate CAM actuated compression creasing with 2 crease widths, pneumatic numbering up to 24 times, virtually anywhere on the sheet, plus rotary, strike and optional micro perforating. It is compact, incredibly easy-to-use, and highly versatile. This all-in-one solution, that includes automatic, one-touch setup, is perfect for all your creasing, perf/scoring, and numbering needs.

- ◀ Bottom-feed, vacuum system with register guide
- ◀ Simple programming for individual creasing, perf/scoring, or numbering
- ◀ User-friendly touch screen with auto sheet setup
- ◀ Automatic batch and total sheet counting
- ◀ Accommodates inline folders like the KF-200

CREASE PRESETS

Creasing Features

- ◊ CAM actuated compression creasing
- ◊ Two-sided die creasing rod for heavier stock
- ◊ Auto setup for the most common creases and corresponding folds

Perf/Scoring Features

- ◊ Up to 4 perforating assemblies per sheet (1 included - additional sold separately)
- ◊ Up to 2 strike perforating head assemblies (1 included - additional sold separately)
- ◊ Micro-perf and score wheel assemblies available

Numbering Features

- ◊ Includes reliable pneumatic, Gothic wheel reverse numbering heads (7 digits, 4 drop zeros, and 4 repeats)
- ◊ Individually programable for multiple numbering
- ◊ Flexibility to apply numbers virtually anywhere on a sheet (from lead edge, place within 1 mm of previous number)
- ◊ Number single sheets, or crash number up to a 10-part carbonless form
- ◊ Choice of black or red ink, in patented self-inking disposable cartridges - no re-inking required! (approx. 25,000 impressions per cartridge)
- ◊ Requires a small air compressor for numbering heads
