

## Tab Index & Divider Cutter

The **Onglematic3<sup>®</sup>** is a simple & very affordable manual tab index & divider cutter for loose leaves. It can also be used as a straight cutting device - guillotine. It is able to cut up to 500 dividers per hour pending on the nature of the document, the operator skills and the work organisation.

### FEATURES & BENEFITS

- **Versatility:** Fixed pre-defined tab lengths: the position of the holes is calculated so the length of each tab is identical (from 2 to 12 tabs for 297 mm long sheet).
- **Easy-to-use:** Magnetic lateral stop & ruler. Manual positioning: user simply move the sheet side stop by hand from one hole to the other along the line indicating the number of requested tabs. Manual cut by simply pushing the handle down.
- **3 tabs shapes:** 15° angle, 90° angle, 90° angle with round corner inside.

#### Cutting Width

Max: 297 mm

#### Cutting Thickness

Up to 10-15 sheets  
(80 gsm)

#### Dividers per Hour

Up to 500 dividers

#### Tab Shapes

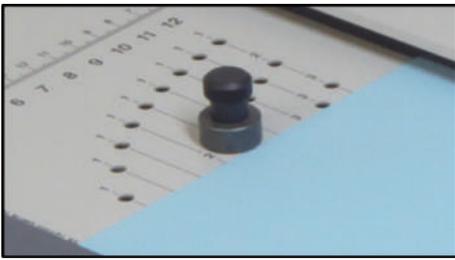

Wide selection of interchangeable tab shapes

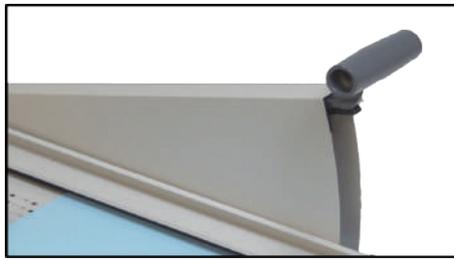

#### Electric Requirements

No

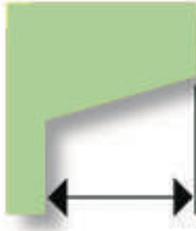

Manual positioning stop easy to move and to set up the number of tabs to cut

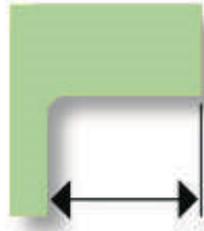

Ergonomic handle for the user

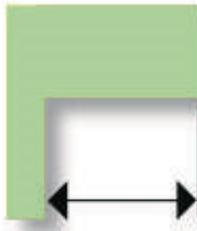

Magnetic lateral stop & ruler

Standard (15° angle)  
Up to 18 mm tab extension

90° angle with internal round corner  
Up to 18 mm tab extension

90° angle  
Up to 18 mm tab extension

## TECHNICAL CHARACTERISTICS

Cutting width	Max: 297 mm
Cutting thickness	Up to 10-15 sheets
Number of tabs	From 2 to 12
Machine dimensions (WxDxH)	300 x 580 x 300 mm
Net weight	6 kg

\* Above outputs are based on 220 gsm sheets and will vary pending on the nature of the document, the operator skills and the work organisation.
