Coil (5:1)
(Canada)

Comb

◆ **HEAVY-DUTY**

◆ **MULTI-FUNCTIONAL**

◆ **USER FRIENDLY**

◆ **MONEY & SPACE-SAVING**

Remarks: DuoMac-431 configuration shown in the above illustration.

AKILES DuoMac-Series

2-IN-1 COMBO BINDING MACHINE

DUOMAC is a revolutionary binding equipment that allows you to create two different types of bindings with one single machine, thanks to its **two independent punching die sets**.

Why limit yourself with 1 type of binding? Customize the configuration on your **DUOMAC** according to your binding preferences, and start producing different styles of bindings-right at your own workplace!

DUOMAC's versatile & easy-to-use features allow you to create professionally & elegantly bound books / reports / catalogs, while its heavy-duty all metal construction gives you the dependability you need; so you can finish your important project on-time, every time.

Manufactured by Akiles, leading producer of innovative & high quality paper binding and laminating machinery, **DUOMAC** is truly an ideal binding system for anyone who requires multiple binding capabilities at an affordable price!

► An optional **Comb Opener STAND** is available to set your Comb Opener as a stand-alone unit.

► For higher productivity, we also recommend the Akiles **Roll@Coil Electric Coil Inserter** when any **COIL** configuration is selected.

SPECIFICATIONS:

- **Single Punch Capacity:** up to 20 sheets (20 lbs paper)
- **Single Punch Length:** 14" (13" for coil configuration)- with Open Throat for longer sizes
- **Weight:** 64 lbs (including Comb Opener) or 53 lbs (without Comb Opener)
- **Warranty:** One year
