Low- to medium-volume
perforating and scoring

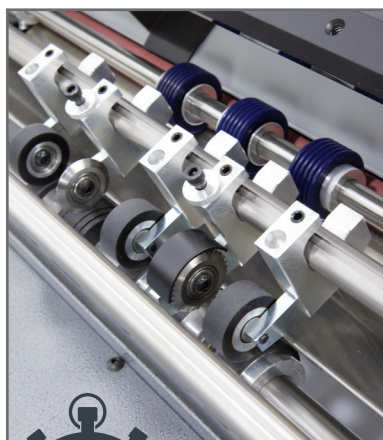

Easy-to-use top-feed friction
system

Easily change from perforating
to scoring in just seconds

Produce thousands of sheets
per hour

Supports a variety of paper types

**Change from
Perf to Score in Seconds!**

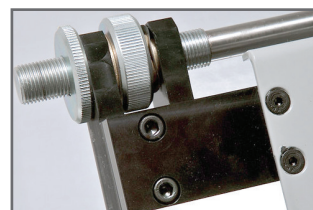

**An easy-to-use machine for accurate
high-speed perforating and scoring.**

Rotary Perforating

Rotary Score

Micro Lateral Adjustment

The COUNT™ PerfMaster Sprint is a simple-to-use top-feed perforating and scoring solution that gets the job done quickly – with speeds of up to 12,000 sheets (8-1/2" x 11") per hour.

You can easily set up for a wide range of paper stocks, and switch from perforating to scoring in seconds. You have 5 different interchangeable perf wheel options, including 2 microperf options. Top friction feed allows you to produce thousands of sheets per hour.

PerfMaster Sprint

An easy-to-use top friction-feed machine for high speed perforating and scoring at lower volumes.

Features

- Removable receiving tray and side rails make for easy mobility and tabletop use.
- Quickly change from perforating to scoring in just seconds.
- 18" wide paper feed capacity.
- Easily set Perf/Score depth control.
- Feeds single sheets, coated stock and multi-part open or glued edges.
- Magnetic paper stops on the receiving tray can be easily adjusted depending on the size of the paper.
- Optional support stand available for easy mobility.
- Side rails on the paper feed table are easily adjustable for various paper sizes.
- Red emergency stop switch for easy job cancellation.
- Clear top lid provides visibility and easy internal access.
