Commercial-grade power for highly-sensitive casino game pieces

In the casino and gaming industry, security is a top priority, both on the gaming floor and behind the scenes. Reduce the risk of fraud with the **FD 87 Casino Shredder**. This specially-designed unit combines user-friendly features with the industrial strength needed to ensure retired gaming pieces stay out of the wrong hands.

Solid-steel cutting blades and a heavy-duty motor **shred entire decks of playing cards, multiple dice, casino chips, and gaming tokens**. Simply open the enclosed shredding chamber, drop in the items and close the latch. Press Start on the LED Control Panel and watch through the clear plexi window as the blades shred each piece. Shredded particles are then collected in the rugged molded plastic waste bin for secure disposal.

The Formax FD 87 Casino Shredder is ideal for behind-the-scenes security in gaming facilities of all sizes.

Standard Features

Dedicated Shredding Chamber: Destroys cards, dice, casino chips, gaming tokens

Heat-Treated Solid Steel Cutting Blades: Specially ground for longevity

LED Control Panel: Provides centralized control and displays real-time status

Front Waste Bin Access: Allows the shredder to be placed against a wall

High-Quality AC-Geared Motor: Powerful, efficient 2HP motor with heavy duty steel gears designed for high performance, minimal noise and years of trouble-free use

Molded Plastic Waste Bin: Durable and lightweight for easy removal

Auto Cleaning: Allows the motor to run in reverse to clear shred particles

Waste Bin Full Sensor: Stops the motor automatically to avoid overflow

All-Metal Cabinet: Rugged steel cabinet with casters

Safety Features

Fully Enclosed Shredding Chamber: Plexi window allows for safe viewing

Safety Key Lock: Provides control, ensuring access only to authorized personnel

Large Emergency Stop Button: Quickly stops the motor and blades from turning

Circuit Breaker: Ensures safe operation

Thermal Overload Protection: Prevents overheating of the motor

Door Safety Sensor: Automatically stops the motor if the cabinet door is open

Warranty

1-Year Warranty on cutting head and all other parts

User friendly LED control panel displays real-time shredding status

Drop chips, dice & cards into the shredding chamber

Solid steel blades shred chips, tokens, dice, cards
