THE ON-SITE, HIPAA COMPLIANT SOLUTION FOR PHARMACIES

HIPAA requires that covered entities like pharmacies and health facilities apply appropriate safeguards to protect the privacy of **Protected Health Information (PHI)**, in any form. The **Intimus 85 RX** multipurpose shredder is the best way for pharmacies, nursing homes, medical practices and other medical facilities to ensure HIPAA Compliance. And because the 85 RX is an in-house solution, the risk of data or identity theft from outsourcing destruction to a third party is eliminated.

A commercial grade, continuous-duty, easy-to-use shredder, the 85 RX has dual feed openings to handle paper, prescription pill bottles, and a wide range of other items that contain sensitive patient information. Attractive styling and quiet operation allow it to be used in any environment. Its compact size fits under standard pharmacy counters making it easily accessible, without taking up valuable floor space.

A built-in automatic oiler keeps the cutting head lubricated and helps to clear residue from adhesive labels and sticky liquids like cough syrup.

Acceptable Items:

- Prescription Bottles - Wet or Dry
- Flat or Crumpled Paper / Cardboard
- Adhesive Label Stock
- Acetate Sheets / X-Rays
- Foil Laminated Documents
- Multimedia
- ID Badges / Key Cards/ Credit Cards
- Passports
- CDs/DVDs

- Dual feed slots for paper and plastic pill bottles/bulky items
- Destroys items to a final particle size of only 3.6 x 43 mm
- Accepts pill bottles up to 16 oz. - including caps
- Destroy up to 200 bottles per hour
- Auto reverse for easy clearing of jams
- i-Control smart switch with auto start/stop and illuminated indicators for easy operation
- Compact size, fits under counter - ideal for space restricted pharmacies and offices
- Automatic oiler for improved cutting head performance - clears adhesives and other residue
- Quiet operation - 63 dBA - will not interfere with confidential patient consultations
- Plugs into standard 120V wall outlet
- Sealed dust-free durable wooden cabinet
- Mounted on rollers for easy relocation

Top feed slot accepts pill bottles and other bulky items - clear cover allows viewing of the destruction process

Automatic oiler keeps cutting head lubricated for peak performance - easy change bottle eliminates the hassle of filling a reservoir

Dynamic Load Sensor shows users if they are feeding items at the appropriate rate or if they should feed faster or slower

Destroy a wide range pill bottle sizes up to 16 oz. including lids. Accepts wet or dry bottles
