

TruSens™

Z-6000 | Z-7000

Plug and Play Performance Purification

TruSens SensorPod™ and multiple levels of purification including True HEPA, Activated Carbon & UV-C LED Light all ensure that the whole room benefits from clean air.

EN

IMPORTANT Before operation, follow these steps and read our TruSens Owner's Manual at www.trusens.com/support/owners-manuals.

Included in your box

- 1 Air Purifier + Power Cord
- 1 SensorPod + Adapter
- 2 Filters (left side + right side)

Directions for use

Install the filter (combination True HEPA/Carbon)

Remove side panel door (a), prefilter (b) then bagged True HEPA/Carbon filter. Remove plastic bag from filter (c) and install inside the purifier with HEPA layer (white) on the inside, and the Carbon layer (black) on the outside. Replace the prefilter and side panel door.

NOTE: Perform steps on both left and right sides.
