Great value proposition

- Stainless steel construction
- Durable aluminum steel bar
- Acrylic plastic lid
- No external compressor needed
- Digital control panel
- One front seal bar: 18.5" / 500mm
- Seal width: 10mm
- CE certified

DZ-500T provides you with an incredible vacuum chamber at an incredible price. This vacuum chamber can seal vacuum bags up to 18.5" wide.

DZ-500T is a stainless steel vacuum chamber machine ideal for sealing vacuum pouches used in the pharmaceutical, food, or electronic industries. The unit does not need an external compressor for operation. Simply place vacuum pouch into chamber with the open edge across the sealing bar. Close the lid to start the cycle and the lid will automatically open when cycle is completed. Vacuum time ranges from 15-30 seconds.
