Free Standing Color Ribbon CONTINUOUS BAND SEALERS

FRS-1120W is designed to quickly and efficiently seal any thermoplastic material including PE, PPE, stand up pouches, gusseted bags, and moisture barrier bags. This sealer can also be used in a wide array of fields such as: food, medical, and cosmetics industries. The FRS-1120W is equipped with an imprinter for color ribbon printing on your package while sealing. Color ribbon printing provides a stronger adhesion print than dry ink coding and works best for humid environments.
