Green-Rite® Whiteboard - Silver Presidential Trim

- Green-Rite® is an environmentally responsible, virtually indestructible magnetic porcelain steel dry erase surface that provides superior writability, color contrast with markers.
- Featured with silver Presidential trim. Lengths of anodized aluminum are joined with curved injection-molded plastic corners for an upscale, modern board. Magnetic accessory tray included.
- Class A Fire Rated board. A full test report copy is available upon request.
- Has achieved GREENGUARD GOLD Certification. Made in the USA. Fifty year limited warranty. TAA compliant.
- For interactive projectors with strict flatness requirements, we recommend the Interactive Projector Board or Projection Whiteboard with Polyvision® duo Surface, providing guaranteed results for projectability, erasability and durability.

Green-Rite® Technical Information

- Multipurpose magnetic surface with superior writability and erasability for dry erase markers. Superior contrast and reduced surface light distortion minimizes glare for optimum eye comfort.
- A precisely balanced porcelain enamel ground coat is furnace-fused to both sides of 28 gauge (standard) or 24 gauge (custom) steel.
- The first furnace fuses a ground coat of enamel that is heat-softened at approximately 1450° F. The second furnace firing fuses a coat of enamel to the ground coat enamel. Color Fusion ceramic top coat is applied providing the desired surface color.
- A fade resistant waterproof resin glue bonds the porcelain to a moisture-resistant core and .005" polyester foil backer sheet. Also available with upgraded sheet aluminum backer. Custom sizes are available.
