High Volume Modular 1 to 9 Station Inserters

The easily adaptable 7100 Series Inserters create professional, high-quality mail pieces in minutes, saving both time and money. The truly modular design supports a wide range of mailing applications, accommodates a large variety of envelope sizes and processes forms with top, middle and bottom address positions. Three base models are available to use as is or can be expanded to meet your needs, the FD 7100-Basic 1 with one sheet feeder and daily mail, the FD 7100-Basic 3 with three sheet feeders and daily mail and the FD 7100-Advanced 2 with a double insert feeder.

The 7100 Series ability to handle mailing packets up to 1/4" thickness lends itself to a variety of applications including marketing collateral, invoices, monthly statements, booklets and more. This flexibility accommodates virtually all of your company's mailing needs. The space-saving design and ease of operation combined with heavy duty construction and durability make these inserters ideal for both the office and mailroom environment.
