

***HSM cardboard
perforator
Cardboard recycling for
dispatch and warehouse areas***

The HSM cardboard perforators make packaging material for free.

The HSM ProfiPack 400 and 425 cardboard shredders are the ideal solutions for all dispatching and warehouse areas. They instantly convert the bulky used cardboard packaging of goods delivered to you into versatile and, most importantly, free packaging material.

What makes HSM ProfiPacks special:

- Cutting and perforation are a single process, so no time is wasted in trimming the cardboard
- The hardened cutting rollers are made from a single piece of metal and are therefore completely resistant to damage from paper clips and other soft metal items
- The patented geometry of the cutting rollers and the robust bearing plates represent a long service life and guarantee that the material is evenly padded
- The sturdy housing made of sheet steel has been specially designed for the rigours of use at the dispatch area
- A generously proportioned worktop ensures comfortable and simple operation
- The machines meet all national and international safety standards
- HSM ProfiPack cardboard perforators offer excellent value for money

ProfiPack 425

Also available with extraction unit

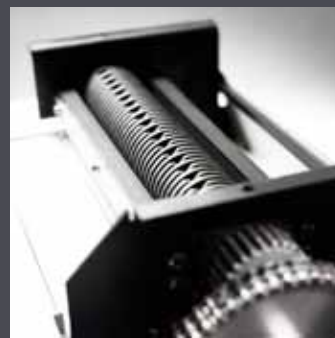

From useless cardboard to useful packaging material:

The measuring scale allows you to quickly measure the width of the material you require.

Trimming and padding are performed in a single operation.

Specially hardened HSM cutting rollers ensure absolutely precise cutting.

The result – high-quality packaging material for the goods you send.

Cardboard perforator HSM ProfiPack 400

Compact and efficient.

- Powerful worktop machine with a compact size; portable and flexible in use
- Thermal fuse protects the motor from overheating
- On/Off and Reverse rocker switch for easy operation
- AC power connection

HSM ProfiPack 400

Model	HSM ProfiPack 400
Working width in mm	415
Infeed height in mm	10
Cutting performance in layers	1
Cutting speed in m/min	8
Motor in kW	1,15
Voltage / frequency	1 x 230 V / 50 Hz
Dimensions W x D x H in mm	590 x 370 x 360
Weight in kg	approx. 37.2

Cardboard perforator HSM ProfiPack 425

Powerful and flexible.

- Multi-functional standing machine, mobile on casters
- Designed for connecting to dust extraction units (optional)
- Large motor provides high throughput speeds and power to spare: several layers can be easily processed at once
- Thermal fuses on all three phases protect the motor from overheating
- Easy operation using a dial with On/Off and Reverse positions
- 3-phase power connection

HSM ProfiPack 425

Model	HSM ProfiPack 425
Working width in mm	425
Infeed height in mm	20
Cutting performance in layers	2 – 3
Cutting speed in m/min	12
Motor in kW	4,0
Voltage / frequency	3 x 400 V / 50 Hz
Dimensions W x D x H in mm	700 x 480 x 970
Weight in kg	approx. 175

All technical data and dimensions are approximate values only. Technical and design changes reserved.

HSM – the company

Cutting, shredding, compressing

Since 1971, HSM has been pursuing a clear strategy – a consistent commitment to quality “Made in Germany”. This product and service quality is the key to success in both the office technology and environmental technology business sectors. As a specialist for products and services for data protection as well as technologies for optimising logistics and recycling processes, HSM is one of the world's leading providers.
