# TruSens™

## Cleaner Air Matters

Breathe easier by reducing airborne pollutants where they matter most. With advanced air purifier technology, simple controls, and Dupont™ filtration, TruSens improves air quality. The streamlined design and size options make TruSens an ideal addition to any home or work environment.

AIR PURIFIER	Z-1000	Z-2000	Z-3000
SensorPod™		•	•
Air Quality Indicator		•	•
PureDirect™ Technology	•	•	•
Levels of Purification	3	4	4
Room Coverage	250 ft²	375 ft²	750 ft²

### RESPONDS TO YOUR AIR

To ensure cleaner air for the whole room, TruSens responds to air quality feedback from a remote SensorPod™.

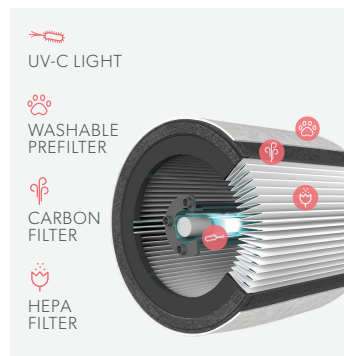

### SENSES POLLUTANTS

TruSens clearly displays air quality information from the SensorPod™ so you can see that the purifier is effective.

### DELIVERS AIR EVERYWHERE

PureDirect technology splits clean air into two streams, delivering purified air to every part of the room.

### CAPTURES AND DESTROYS POLLUTANTS

DuPont™ HEPA filter captures pollutants. The UV-C light kills germs and bacteria trapped in the filter.
